Verdant Works Covid-19 Safety Guidelines – Critical Legal Conference 2nd Sept 2021

Verdant works has a number of guidelines in place to make sure your conference is safe for all delegates during the Covid-19 crisis.

- One way systems in place around the whole museum. This is clearly signposted within the venue.
- Open Doors policy: Wherever possible, we will have doors already open for you, serving the dual purpose of allowing extra ventilation and reducing the number of high-touch areas.
- There are sanitizing stations all over the museum, situated in all the galleries. Please feel free to use these as often as you like.
- This is a standing event, with the option to visit the whole museum: Please keep your facemasks on at all times, unless eating/drinking.
- All galleries and public areas are cleaned on a regular basis.
- We have a social distancing policy in place, as per the Scottish Government guidelines: please ensure you adhere to these guidelines.
- Verdant Works has been certified by Visit Scotland as Good To Go, signifying that we have reached the standards expected by Visit Scotland for Covid safety and cleanliness.
